PROFESSIONAL SUMMARY

Passionate Computer Science student with a strong interest in software development and problem-solving. Seeking an opportunity to apply my technical knowledge, enhance my skills, and contribute to developing innovative and efficient software solutions.

EDUCATION

COMPUTER SCIENCE AND ENGINEERING

2023 – 2027

VSB Engineering College, Karur, CGPA: 8.00/10

HSC

2021 – 2023

Punitha Amala Annai Matric Higher Secondary School, Vellakovil, Score: 74.84%

PROJECTS

Social Media AI Agent

- Developed an AI-powered web application that generates social media content, including captions, hashtags, hooks, and CTAs, based on user input. Integrated Groq LLM with FastAPI and MySQL to provide fast, personalized content generation through a responsive web interface.

Technologies: Python, FastAPI, Groq LLM, MySQL, HTML, CSS, JavaScript

Smart Grocery Cart

- Developed a full-stack AI-powered grocery shopping application with secure user authentication and RESTful APIs. Implemented personalized grocery recommendations, smart cart generation, and AI-based meal planning.

Technologies: SQL, HTML, CSS, JavaScript, Node.js, AI Recommendation Logic

Semanticflix

- Built an AI-based recommendation platform using semantic search and vector embeddings to match content to user intent, going beyond keyword matching to surface more relevant results.

Technologies: Python, FastAPI, Vector Database, JavaScript

Smart Attendance System

- Developed a full-stack attendance management system to automate the process of recording and tracking attendance, replacing manual, error-prone methods.

Technologies: TypeScript, Node.js

Habit Garden

- Created a gamified habit-tracking web app where a virtual plant grows as the user maintains daily habit streaks, turning consistency into a visual, rewarding experience.

Technologies: HTML, CSS, JavaScript

INTERNSHIPS

Web Development – INoesis Private Limited Technology, Chennai

- Contributed to the development of the **Vadamalar** e-commerce application by assisting in building responsive Login, Splash, and Dashboard pages using HTML, CSS, and JavaScript.

Python – INoesis Private Limited Technology, Chennai

- Learned Python programming and web development through hands-on training while assisting the team in debugging and resolving application issues.

SKILLS

PROGRAMMING LANGUAGE

- Java, Python

WEB DEVELOPMENT

- HTML, CSS, JS

DATABASE

- SQL

CORE CONCEPTS

- OOPs, Data Structures and Algorithms

CERTIFICATION

Infosys Certificate

- Java Foundation

NPTEL

- Python for Data Science

LANGUAGE

- English

- Tamil
